

Physics Smart Intervention

Thursday 8th November

Room 22- Energy Resources (renewable and non-renewable)

Room 21- Energy Transfers and calculations

Thursday 15th November

Room 22- Models of the atom and radiation (teacher may not be available)

Room 21-Density (RP) and states of matter

Thursday 22nd November

Room 22- Electricity topic Required Practical (length of wire, IV characteristics, series/parallel circuits)

Room 21-Electricity equations and calculations

These intervention sessions are tailored to you.

EVERYONE IS WELCOME!

The 3 Physics sessions will run twice over 6 weeks.

They run from 3:10-3:40pm

Thursday 29th November

Room 22- Required practical's from the Waves topic

Room 21- The basics of waves & the electromagnetic spectrum

PRIDE AMBITION EXCELLENCE

Thursday 6th December

Room 22- Speed, Velocity time graphs, Acceleration

Room 21-Newton's 3 laws of motion

Thursday 13th December

Room 22- Required practical's from the Waves topic

Room 21- The basics of waves & the electromagnetic spectrum

Thursday 20th December

Room 22- Speed, Velocity time graphs, Acceleration

Room 21-Newton's 3 laws of motion
